In the future we can delete the public library as it is in another town. For now leave as is.

Donn, in Appendix C of the Draft CIPs, there were four repositories listed:

1. Public Library
2. ADEQ
3. Public School
4. Courthouse

The September 2014 DRAFT CIP lists only ONE repository, that being the one at ADEQ only.

We sent copies to the four that were listed above based on your comments to send out more than one just to the state.

We did not have an address for City Hall and City Hall was never listed as a repository for this site.

Please advise if you wish for us to prepare another DRAFT CIP in a binder to send to City Hall. We can call them for their address.

Ok, but I meant Omaha city hall. They have a small one there. Unless this is the same thing....

Thank you, Donn. Your email said City Hall and it is located in the Courthouse.

Ok, thanks. Let's proceed with final Draft, and we will update it if and when we get any more comments and replace this one. Just add Draft to the title and footer definitely, does not need to be printed in color, black and white is fine. A binder is good. Check the site status summary for the site and the repositories should be listed. Otherwise, it was the Omaha City Hall repository at that time.....? The school Library would be a second choice. Also, the North Little Rock location.

Donn, attached is the last document sent to Stephen on October 28 when he told us to wait and that he and you had something to discuss.

Attached is the PDF version of that document with October changed to November. When you state that you want DRAFT clearly spelled out, do you want us to add a watermark to each page? Or, just add DRAFT to the title and footer?

There are no comments remaining.

Also, you mention sending it to Omaha, AR, but there is only one repository listed and it is in North Little Rock. Where in Omaha AR do you wish us to send a copy? The school?

Once we hear back from you on how you want to handle designating "Draft" on the report and which address besides the repository you want us to send a bound copy, we will get it printed in color, put into a binder and mailed out.

Best regards,

Kim

Stephen:

Attached is a revised 5th draft of the Arkwood Community Involvement Plan. Donn Walters asked me to send it to you to see whether you have any further comments. If not, the document will be finalized and sent to the site repository at the ADEQ.

Please cc all, and let us know whether you have any additional comments to the draft. Thank you.
